

CHEMICAL CLEANING SERVICES

ABOUT HEPACO

Founded in 1984, **HEPACO, LLC** (HEPACO) is a professional environmental services company with strategically-located service centers providing coverage throughout the Eastern United States, and beyond.

CHEMICAL CLEANING SERVICES OVERVIEW

HEPACO has highly-trained people and state-of-the-art equipment to support both complex and routine chemical cleaning activities and projects. Our industry-specific experience includes **enzyme-based cleaning for food grade applications; various chemical cleaning applications for railcars; acid treatment for scale removal for boiler pipes, tubes and cooling towers (shipboard and land based); applications for cutting crude and other thick oils during tank cleanings; acid treatment at power plants on multiple components; alkaline/solvent wash for hydrocarbon sludge/scale cleaning; and acid wash for large- or small-scale remediation systems (air stripper cleanings, subsurface piping, pumps, etc.)**, among other specialized services.

SAFETY IS AT THE HEART OF OUR CORE VALUES

HEPACO has a deeply-ingrained safety program that is embraced across every level of our organization. We maintain an **Experience Modification Rating (EMR)** of **0.81**. All HEPACO field personnel receive extensive training and are part of a medical monitoring program. In addition to HAZWOPER, RCRA, DOT, confined space entry/rescue and first aid/CPR training, we maintain a wide variety of certifications, including **SafeLand, Pipeline Operator Qualified (OQ), Loss Prevention Systems (LPS), API Tank Entry Supervisor (TES), and API WorkSafe**. HEPACO is pre-qualified by the contractor screening consortiums ISNetwork, CCS, PEC Premier and Avetta. We are also a permitted hazardous waste transporter and a U.S. Coast Guard classified **Oil Spill Response Organization (OSRO #32)**.

SPECIFIC CHEMICAL CLEANING SERVICES INCLUDE:

- Enzyme-based cleaning for food grade applications
- Chemical cleaning applications for railcars
- Cutting crude and other thick oils during tank cleanings
- Acid treatment for scale removal for boiler pipes, tubes and cooling towers (shipboard & land based)
- Acid treatment at power plants on multiple components
- Alkaline/solvent (various types) wash for hydrocarbon sludge/scale cleaning
- Acid wash for large- or small-scale remediation systems (air stripper cleanings, subsurface piping, pumps, etc)
- Among other specialized services
